BCR SS L SHAPE TILE TRIM

SIZES : HEIGHT AVAILABLE IN 8 MM, 10 MM, 12 MM, 14 MM & 20 MM

FINISHES : MIRROR & BRUSH.

USES : WALL, FLOOR DIVIDING AND BORDERS.

INSTALL : Installation of the L shape SS tiletrim is simple, first to be temporarily fixed with spot bonding using mortar on the wall or floor required. Tile to be kept on the tiletrim and checked if the finishing face of the tile is flushed with the top surface of L shape SS tiletrim, In case of dividing lines for wall and floor care has to be taken to allign a straight line, with the ceramic tiles, with least groove gap. Hence the trim is permanently. set covering the base with mortar, BCR Tiletrims enhance the aesthetic look of the tiling work.
